GATEWAY TO JOBS

Giving is Living : Think about it. For example, read good material to learn useful facts pass on important information to other people. Discuss with friends, relatives and neighbors. Once in a month or so spend a day in orphanage or an old age home. One good idea is start a 'Karma Yogi Club'. Please do it. Start in a humble way. To start with, give 15 minute seminars in primary schools etc. You can serve in several ways-with body, mind, tongue, money, knowledge, intellect and ability, status, position and rank. If you are swimming in the ocean and pull the waters towards you, you will be drowned. But, if you throw the waters away from you, with your arms and legs, you will swim. Similarly, if a man wants to take anything for himself in this wordily ocean, he is sure to drown. One who wants to give only can rise and shine in life. Finally, how much you are giving is important, but, more important is how much of love you've put in while giving. When Yaksha asked Yudhister, 'How to get a profit?', Yudhister replied 'By Giving away as charity'.

Be Courteous: Always behave decorously and respectfully towards female members irrespective of their age, relationship, class or profession. Be respectable to elders, women and guests, and friendly to strangers."One who receives a stranger with courtesy and love is the citizen of the world". Also, be humble. If you are good or successful, be more humble. If you got a job on hand, be most humble "Pride ruined angels". Today most of the students from good family backgrounds and students studying in prestigious colleges are not doing well life only because of 'Pride'.

Smile : "If face is the index of mind, Smile is the index of personality ". Be very innovative and cheerful. Every person is a powerhouse of latent talents. There is a genius within every one of us. The mantra by Homer "The world is always ready to receive talent with open arms ". Be what you are, Don't try to imitate others. Nobody needs a counterfeit! Smile gives confidence and confidence is the sexiest thing one can have. In fact, it is more sexier than the sexiest body part. A pleasant, confident smile gives you everything you want.

Company : You will get a great advantage by good company. Give more importance to good company than spiritual discipline. **We become like the people we spend the most time with.** Read sacred books and have a good company. Because of your friends you should not fall, you should rise. For example, only from friends we can learn and master languages like Hindi, English or any language other than mother- tongue. Do not waste time in side talks, character assassinations, gossips etc. Having fun is very essential. Wit and humor are very important. But our jokes and our riddles should not hurt or spoil others. Overcome your weakness like stage fear, fear of strangers, inferiority complex, negative attitudes etc. Having all these negatives is not a sin. But, if you do not overcome them it is an unpardonable sin.
