GATEWAY TO JOBS

Interview do's

- Dress appropriately. Extremes in fashion or very casual clothes should generally be avoided. Look neat and clean.
- Express yourself and your views clearly.
- Listen carefully to the questions and answer clearly and thoughtfully.
- Make eye-contact. Remember to talk to the person (not the top right hand corner of the room or at their shoes).
- Make sure you fully understand the question and query any point about which you may be doubtful.
- Be Confident. Remember that you applied for the position because you thought that you could do it.
- Show enthusiasm for the company and the position.

Interview don'ts

- Don't make derogatory remarks about past or present employers.
- Don't fidget or twitch, try to control other nervous mannerisms.
- Don't interrupt the interviewer before they have finished asking you a question and never finish their sentences for them.
- Don't Lie. If you have to lie about what you are like or your abilities in order to obtain the job, you are likely to find yourself in a position that you don't really like and probably one in which you will have problems fulfilling successfully.
