CYBER SPARK-INCUBATION CENTRE

Department of Computer Science and Engineering

The incubation centre of CSE looks forward and encourage participation of students and support the ideas and help them to promote ideas into operative action plans. We help them during the process, and provide them with the required support.

Facilities and functionalities of centre:

1. Associate with mentors by conducting workshops, seminars and interactive sessions regarding entrepreneurship and innovation.
2. Connect with successful alumni who turned entrepreneurs and who are successful in start-ups.
3. Get opportunities to work on live projects with the help of industry
4. Connect with successful students- turned- entrepreneurs
5. Recurrentcollaborationwith industry professionals and entrepreneurs.
6. Advanced infrastructure with work stations, discussion rooms.
7. Ready-to-use internet bandwidth
8. Standby DG power system
9. Uninterrupted power supply system
