Respected Sir,

Sub.: Provision of 40 Mbps VPNoBB connection to RVR & JC College of Engineering, Chowdavaram, Guntur – Reg.

Ref.: Your Rc.No.R&J/2013/1317, dtd.15.03.2013.

Thanking you very much for using BSNL services since long, it is requested to kindly refer to your letter cited above on the subject and the discussions held with you by the officer representing this office.

As you are the most esteemed and most important customer of BSNL, Guntur, we have examined your request for provision of 40Mbps VPNoBB connection under NMEICT and made it feasible with great difficulty by rearranging the available bandwidth despite of several constraints.

Hence, 40Mbps VPNoBB connection under NMEICT (National Mission on Education through Information & Communication Technology – Project initiated by Ministry of HRD) will be provided to RVR & JC College of Engineering on receipt of **Rs.90,000 + Taxes** as applicable (present taxes = 12.36%) per annum. The connection will be provided **with in 4 Weeks** from the date of payment.

Further, it is to bring to your kind notice that the said connection is not a dedicated internet connection. Internet will be provided to the network centrally and this is a network in which all the colleges and universities are interconnected for sharing of information. Depending upon the traffic the internet speed varies.

Please visit the official website of NMEICT project [www.sakshat.ac.in](http://www.sakshat.ac.in) for further information and updates.

Assuring you the best services always, an early and favourable reply is solicited from you to proceed further.

Thanking you sir,

With regards,  
Yours faithfully,
