

7.1.5 POLICY FOR GREEN CAMPUS

R.V.R & J.C College of Engineering (Autonomous)

Accredited by NBA and NAAC with 'A' Grade

Affiliated to Acharya Nagarjuna University, Guntur, Approved by AICTE

Chandramoulipuram, Chowdavaram, GUNTUR-522019, A.P.

RVR & JC COLLEGE OF ENGINEERING (Autonomous)
Accredited by NBA, NAAC “A” Grade
CHOWDAVARAM, GUNTUR – 522019.

Institute Policy for Green Campus

Maintain

- (a) Green Landscaping with trees and plants.
- (b) Pollution free campus.
- (c) Paperless and pollution free campus.
- (d) Pedestrian friendly pathways on the campus.

The Rayapati Venkata Ranga Rao and Jagarlamudi Chandramouli (R.V.R. & J.C.) College of Engineering, Chowdavaram, Guntur trains undergraduate and postgraduate students in Engineering and Management for award of degree from Acharya Nagarjuna University.

Established by the renowned Nagarjuna Education Society (1967) in the year 1985, the College drew its initial impetus from Peoples Representatives, local doctors, charitable trusts and commercial houses of Guntur District. Today, it enjoys flagship status among the eight constituent institutions, that are governed by Nagarjuna Education Society.

Surrounded by silent hills, the 40-acre campus, is all set in lush green environs, providing stimulating academic ambience. The campus with its rich vegetation amidst aviaries and water fountains successfully created a harmony between technology and human elements. The college comprises 6 major buildings designed for optimum day lighting, ventilation and wide path ways, with trees on either side, shading the walking paths.

The institute strikes a balance between its promises and practices, raising awareness on environmental challenges among staff and students, making suggestions on how to 'Go Green'. Clean and green programmes organised by the college to create awareness among the rural areas of Guntur is just an example to tell RVR is a green campus.

NOTICE

It's been seriously noticed that more amount of paper is being used unnecessarily for various sorts of work in our college. When we mostly depend on paper for several uses, we will be forced to cut down so many trees which can ultimately lead to environmental pollution. Hence, I request all the faculty (both Teaching & non-Teaching) and students to become tech-savvy to minimize the use of paper and make our campus paper-free.

"Plant saplings and give them life only to the young in a healthy environment".

Thanking You,

Dr. A. Sudhakar
Principal

NOTICE

It is to be strongly observed that environmental pollution has been increasing day by day and causing severe health hazards and threatening the lives of every living creature on the planet. Hence, I sincerely urge all the faculty and student community to personally feel the responsibility "To protect the environment only to protect ourselves". So, you are highly advised to use college busses instead of using your personal vehicles for coming to college to control the menace of environmental pollution.

Thanking You,

Dr.K.Srinivasu

NOTICE

This is to inform all the staff and students that we should take a step forward to ban plastic in toto (all together) to beat plastic pollution on the campus. What we need, at most, is attitudinal change to make plastic pollution a thing of the past. We should stop the rampant use of plastic in whichever form it is. We must practice using jute or cloth products for various purposes. If we adopt 3R's, "Reduce, Reuse and Recycle" successfully, we can safeguard natural resources. Hence, I request you all to make our campus plastic-free.

Thanking You,
